SUGARBEET CROP OF 1931—INTERMEDIATE MONTHLY REPORT.

Sugarbeet in Annapur, Salem, Trichinopoly, and Madras was affected by drought to some extent. The condition of the crop is fairly good in the other districts and normal yields are expected if there are no unusual rains at the time of harvest.

2. The wholesale price of sugarcane per candy of 999 lb. is reported to have risen in Coimbatore (East and West), Karur, Bellary, Coimbatore, Trichinopoly, and Tanjore, and to have fallen in Annapur, Chingleput, Salem, and Madras as compared with the prices reported in November. The present prices are Rs. 35 to Rs. 62 in Madras and Tanjore, Rs. 35 to Rs. 45 in Karur and Trichinopoly, and Rs. 35 to Rs. 40 in the other districts.

Madras, 10th December 1931.

COTTON CROP OF 1931-32—THIRD FORECAST REPORT.

[On an average of the five years ending 1925-30, the area under cotton in the Madras Presidency has represented 9.5 per cent of the total area under cotton in India.]

The area sown with cotton up to the end of November 1931 is estimated at 1,771,500 acres as against 1,779,000 acres on the corresponding date of last year.

The reduction in area is large in the South, Kaveri, and Coimbatore mainly owing to the fall in the price of cotton. In Bellary and Annapur, the area has increased by 27 per cent from 254,000 acres to 321,000 acres as the crop replaced groundnut to some extent.

The area under irrigated cotton, mainly canals, is estimated at 117,000 acres against 99,000 acres last year, an increase of 17 per cent.

2. The condition of the crop is generally satisfactory. The seasonal factor for the Presidency works out to 100 per cent of the average as in last year. On this basis, the total yield is estimated at 345,100 bales of 490 lb. lint against 354,160 bales of last year a decrease of 3 per cent. sowings in the South have not yet been completed. The crop already sown is young and it is too early to estimate the yield with any degree of accuracy.

3. The estimated area and yield under the several varieties are given below:—

PADDY CROP OF 1922-23—SECOND FORECAST REPORT.

[On an average of the five years ending 1920-21, the area under paddy in the Madras Presidency has represented 23.2 per cent of the total area under paddy in India.]

The area sown with paddy up to the end of November 1922 is estimated at 10,200,000 acres against 9,905,000 acres on the corresponding date of last year, i.e., an increase of 2½ per cent.

2. The increase is general outside Vengalputam, Anantapur, Cuddapah, South Kanara and the South except Tanjore. In the Cuddah districts and Chittoor and North Arcot, the area rose by about 12 per cent from 1,707,000 acres to 2,330,000 acres.

3. The first-crop has been harvested everywhere.

Normal yields have been reported from all districts except Vengalputam, Godavari (East and

West), Anantapur, Salem, Trichinopoly and Tanjore. The crop was affected by heavy rains and floods in Vengalputam and Godavari (East and West) and by insufficient rains and water-supply in the other irrigated districts.

The seasonal factor for the Presidency works out at 55 per cent of the average against 61 per cent in the corresponding date of the previous year.

4. The wholesale price of paddy per rupee is reported as 22 to 30 B. in Godavari (East and West), Cuddahputam and Madras, and 20 to 25 B. in most of the other districts. As compared with the price in October 1921, the price is reported to be low everywhere in Vengalputam, Namakkal, Madras and Malabar, to have slightly risen in Ganjam, Chittoor, North Arcot, Salem and Tanjore and to have fallen in the other districts.

5. Figures by districts are given below:

It frequently happens that rooms in the rest houses of the Coimbatore-Mattar Project reserved for stated periods on the vacations of applicants are not actually occupied during the periods of reservation; also no intimation of the inability to occupy is given sufficiently in advance to enable allotment to other applicants during the periods. This entails disappointment to applicants and loss of rent to Government.

In view of the above, it is hereby notified that from the date of this notification, rent will be recovered at rent-house rates for the whole period of reservation from the parties concerned, irrespective of the fact that the rooms were or were not actually occupied during the whole or part of the period of reservation.

Remarks: It is probable that an additional 12 tons may also be put up for sale.

2. The wood has been classified and intending purchasers are advised to inspect the wood before the sale, as no alteration in the classification can be allowed after sale. No complaints of any kind afterwards will be admitted.

3. For convenience of sale, the wood has been arranged in classified lots. Each class will be offered for sale separately in lots of 15, 10 or 5 tons or less, as may be convenient and lots will be per ton of each lot.

4. The sale will be subject to confirmation by the Conservator of Forests, V Circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay in earnest money deposit of Rs. 1,000. If paid in cash, immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 800. A recognised money changer for the amount will also be accepted. In the case of intending bidders who have previously bought sandalwood from the Forest Department a cheque for the amount will be accepted, but the direction to accept such cheques rests entirely with the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is finished, and that of successful bidders will be credited towards the first instalment of the purchase price.

7. Each purchaser shall, immediately a lot is handed down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and each signature will be held as an admission, on his part, of his having purchased that particular lot and accepted the conditions of the sale action. No person will be allowed to deposit and bid jointly at the sale.

8. Immediately after the sale is finished, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due by him. He shall remit 50 per cent of this amount into the Imperial Bank of India at Coimbatore or Madras, within eight days of confirmation of the sale and shall similarly remit the balance on or before the 22nd March 1931, failing which the money already remitted shall lapse to Government, and the District Forest Officer will be at liberty to resell the wood in question at the risk of the original purchaser, who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

9. The purchaser, having paid the full value, must take delivery of the wood and remove the same on or before the 30th April 1931.

Refund of the value of deficit on account of damage will be paid in due course. If he or his authorised agent does not attend on or before the date for the weighing of the sandalwood purchased, no further weighing will be made, and the weight recorded in the depot books (which is the weight recorded immediately after final weighing and that notified at the time of sale) must be accepted by him.

If however on reweighment an excess should be found over that recorded at the time of sale, the

excess value at the purchase rate should be paid for by the purchaser before removal is permitted.

10. On each purchaser's proceeding to the office in charge of the sandalwood depot, Seiyamangalam (Range Office, Seiyamangalam), chains as proof that the whole of his purchase has been paid for, it will be weighed in his or his agent's presence and the quantity handed over to him.

The accepted bidder, when depositing their agents to take delivery, must furnish, each agent with a power of attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

No further clearing or classification of sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to dress any wood previous to weighing. The classification, clearing and weighing must be determined by the Forest Department, must be accepted.

11. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the quota allowed in clause 9 demurrage will be charged at the rate of Rs. 2 per ton per month from the last date fixed for delivery until the wood is finally removed.

12. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest Department who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the Ranger's "Sale Instance" mark.

13. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchaser.

14. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

15. The contractor shall bear the cost of taking delivery of sandalwood.

16. Each intending bidder unless specially exempted by the Conservator of Forests, V Circle, Coimbatore, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue officer of the district in which he resides; and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificate.

17. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

18. The officer conducting the sale shall not be bound to sell the whole of the quantity advertised.

19. Further particulars can be had on application to the District Forest Officer, North Coimbatore Division, Coimbatore.
